City

State

Zip Code

Phone Number

E-mail Address

Please attach a photo or send a photo to Registrar@IYAK.org with a notation that paper registration is forthcoming. Include at least the name of the animal and the ranch prefix if you choose email. The photo should be a ¾ profile showing the face and one side of the animal.

All yak registrations require a DNA sample. Instructions for collecting DNA can be found on the IYAK.org website under the "Register a Yak" tab. Click "Register a yak" and scroll down for detailed instructions. Please read the instructions carefully to make sure the best possible sample is collected. DNA samples that are inadequate, contaminated or do not have hair follicles will be rejected by the processor and will cause the applicant to incur additional fees.

IYAK Member/Applicant's Name _____ Date _____

Yak Description

Name (including herd prefix)

Current ear tag, if any

Blood

_____ **Foundation yak** (both sire and dam are registered with IYAK including B progression animals)

_____ **Appendix** (unknown parentage, including foundation X Unknown)

_____ **Hybrid** (any yak that does not meet the cattle introgression threshold, unless out of foundation parents)

Sex

____ Male or ____ Female

Born

____ Single or ____ Twin

Date of Birth

Dam's Name (include herd prefix)

Dam's Registration Number

Sire's Name (include herd prefix)

Sire's Registration Number

Possible second sire's name (include herd prefix)

Sire's Registration Number

____ Golden

____ Golden Trim

____ Golden Royal

____ White

Comments: Please include any additional information or clarify any information that may be ambiguous or an unlisted color pattern.

For multiple animals, please print additional copies of this page as needed and attach to the application.

IYAK Member/Applicant's Name _____ Date _____

Registration Fee

___ All ages Foundation, \$65/animal (= \$37 registration + \$28 parental DNA verification)

Number of Above Animals Registering

Total Fee Paid

\$ _____

___ Appendix or Hybrid (requires extra DNA assay) \$95/animal

Number of Above Animals Registering

Total Fee Paid

\$ _____

Discounts given:

3% for registering animals with a check or money order. Multiply total by .03 and subtract that from the total. ($\$65 \times .03 = \1.95 , $\$65 - \$1.95 = \$63.05$)

10% discount for registering 10 or more animals at once. Multiply total by .10 and subtract that from the total. ($\$650 \times .10 = \65 , $\$650 - \$65 = \$585$)

Total discounts can be 13%

Please make your check payable to International Yak Association

Please mail your application, photographs (unless e-mailed) and DNA to:
